

## Agri-Tech Delegation - Ildex Vietnam

Ho Chi Min

18<sup>th</sup>– 20<sup>th</sup> March 2020

*Showcase your innovative technology, meet potential buyers, dealers and progressive farmers across the livestock supply chain at Ildex Vietnam.*

### Highlights of Vietnam Agriculture

*Agriculture is an important sector, accounting for 16.5% of Vietnam's GDP. The Agro-Industry is expected to grow to £3bn by 2020 and remains a significant market for UK Agri-Tech businesses.*

### Potential Opportunities

*The dairy market is forecasted to double in size to £6.1bn by 2020, compared to 2015. Aquaculture, livestock industry, precision agriculture, smart agricultural planning, innovative ways of developing safe and traceable value chains with decreased farm losses, are identified as opportunities for UK Agri-Tech in the market.*

*Sustainability, development and improvements across the entire agricultural value and supply chain are strategic objectives of government.*

*Traditional Vietnamese conglomerates have shifted activities to the agricultural sector, a few examples are Vin Group, THACO, FPT Group and FLC Group. This creates a huge demand for Agri-related consultancy, in designing innovative projects in country.*

### DIT OFFER

*UK companies participating in the event, can avail themselves of up to £2,500 of TAP grant funding from UKTAG.*

*Delegates will need to arrange and pay for expenses towards flights, accommodation, meals and incidentals.*

*There are limited Trade Show Access grants available for eligible companies on first come first served basis; if interested to avail funding please contact Chris Jackson at [exports@uktag.co.uk](mailto:exports@uktag.co.uk).*

Avail yourself of up to £2,500 Trade Access Programme (TAP) Grant, to exhibit at the Event.
